

C program to find sum of no of char string

Algorithm

Step 1 :- Start

Step 2 :- Read string

Step 3 :- for (count = 0; string[count] != '\0'; count++)  
 {  
 if ((string[count] >= '0') && (string[count] <= '9'))  
 {  
 nc++;  
 sum = sum + (string[count] - '0');  
 }  
 }

Step 4 :- print nc, sum

Step 5 :- Stop

Flow Chart
